

About Us

Freedom's Gate Church has offered men and women coming out of incarceration, as well as many others a place of belonging, a place that feels like family where they can come with questions and struggles and not feel judged or looked down upon. The staff and volunteers of Freedom's Gate strive to follow Jesus' example of meeting people right where they are at, all the while pointing towards redemption through the cross and discipleship/bearing fruit as God's desire for their lives moving forward. Freedom's Gate offers a weekly worship service and bible study as well as Biblical counseling.

FREEDOM'S GATE CHURCH

God has called us to fill a need in the community of Sioux Falls for an aftercare church and it is our joy to report that He has been faithful to lead us into this venture. We are always looking for people to partner with us as we seek to shine a light to many who have formerly walked in darkness.

FREEDOMS GATE CHURCH

Pastor Jason Wiersma

How we got started:

In the year 2020 during the pandemic, Freedom's Gate Church was planted by Pastor Jason and Ruth Wiersma in Sioux Falls, South Dakota under God's direction. A group of South Dakota inmates originally put together a proposal for a new church plant in Sioux Falls that would cater to the spiritual needs of those coming out of the prison system. The cry of the inmates leading the charge was a response to the past failures of released men and women who failed to acclimate well to society and struggled to find a place of worship that they felt comfortable with or that they could serve in. We started out worshiping in a garage and have since moved 2 times to allow for growth..

"Freedom's Gate has helped me a lot spiritually. The volunteers are so nice and caring. It almost feels like home." --- Curt

At Freedom's Gate Church there is a room full of damaged and broken people from all walks of life, many who love the Lord Jesus Christ with all their hearts minds and souls. The faithful attendees of Freedom's Gate show an unbreakable bond of love for each other. Because this is what Freedom's Gate is, I feel loved and cared from the minute I walk through the doors.

"Whoever thought, a prisoners' life can be useful after incarceration? I never imagined there would be such a place where we could go to find a warm embrace and a warm meal. Freedom's gate has provided fellowship and space to hear God's Word preached faithfully. I'm so appreciative of the welcome each person receives, especially knowing that a person has a past." -Steve
